
Report of

One day Seminar on

“Intellectual Property Rights (IPR)”

Also one day seminar is conducted on “Intellectual Property Rights” on 19th August, 2017 at Suman Ramesh Tulsiani Technical Campus: Faculty of Engineering–Kamshet (MH-268). Dr. Suryakant B. Patil was resource person for this seminar. He has conducted interactive session on this topic. The intellectual property rights were essentially recognized and accepted all over the world due to some very important reasons. Some of the reasons for accepting these rights are:-

- a. To provide incentive to the individual for new creations.
- b. Providing due recognition to the creators and inventors.
- c. Ensuring material reward for intellectual property.
- d. Ensuring the availability of the genuine and original products.

Report of One day Seminar on

“Intellectual Property Right-Patenting”

Also one day seminar is conducted on “Intellectual Property Right-Patenting” on 02 Sept 2017, Saturday At Hyatt Place, Hinjewadi, Pune. The workshop was organized with following objectives:

1. To create awareness about patent and its benefits to applicant.
2. To promote innovation in the market place. It works to accomplish this by granting the applicants of patentable inventions an incentive in the form of an exclusive right to use, transfer and sell the invention for a period of time.
3. Patenting is important because without such protection, unauthorized parties would be free to wait for others to invest the time, energy and money necessary to develop new technology and then simply copy it. Therefore, patent protection helps to facilitate a return on investment.
4. To know different phases involve during filing of patent to patent office.

Dr. Suryakant B. Patil, speaker of the workshop, explained complete procedure of filing patents including expenditures. With concern of all participants of the workshop 13 NDAs(Non-Disclosure agreements) has been signed with their willingness. For the technical development and to increase industry- institute interaction MoU was signed with PSP-IP and SRTTC for further processing. We all are looking toward good relation between SRTTC and PSP-IP Associates.
