Pg.No.1

Sr.No.	Author	Title	Copies	RsPrice
1	Ingole, V M	Attachment of hydraulic tail stock of lathe machine	1	
2	Jadhav, S. A.	Gps Based Station Arrival Announcement System	1	
3	Mankar, M V	Design and fabrication of automatic breaking system	1	
4	Ajnalkar, Sagar	Fault Identification and diagnosis of helical gear pair by experimental vibration analysis	1	
5	Bhalerao, G. A	Pretreatment of Casted Material	1	
6	Bhatt, Yogesh Pradeep	Experimental Study of waste Heat Recovery Using Refrigeration System	1	
7	Bute Parag	Design and manufacturing of die for fin	1	
8	Bute, P V	Gearbox testing using Matlab	1	
9	Bute, P.V.	Design & Installation of Hydraulically Operated Clutch	1	
10	Champli, Srinidhi	Performance of Internal combustion engine using nanoparticles doped biodiesel	1	
11	Chandan Kiran	An experiment study of arc ARC welding parameters in ultimate blending strength and hardness on DMR 249 and optimization	1	
12	Changule, Manisha	Preventing Against Collaborative Attacks by Malicious Nodes in maners: using dynamic Threshold Algorithm	1	
13	Chopade, S. P.	Fabrication of Magneto-Rheological Fluid Brake System	1	
14	Choudhari, Sarika	Design of a metacrawler for web Document Retrieval	1	
15	Dhakane, P P	Semi automatic drilling machine with indexing mechanism	1	
16	Dhakne, Pravin	Development of Muffler for exhaust reduction	1	
17	Dhumal, N.V.	Design Development and Optimization of Crane System	1	
18	Dhumne, L R	Performance Investigation of CI Engine Run By Biodiesel with nanoparticle	1	
19	Dhumne, L. R.	Design and Manufacturing of Support foot Assembly	1	
20	Dongare, S S	Automatic Nut Fitting Machine	1	
21	Dongre, S S	Temperature scanner using RTD	1	
22	Dongre, S S	Detection of Diabetic Retinopathy	1	
23	Dongre, S S	Automatic counting and filing system using PLC	1	
24	Ingole, V M	Productivity Improvement	1	
25	Ingole, Y. R.	Aqua Silencer	1	
26	Jadhav, N N	Analysis and Design of Earthquake Resistant RCC Building	1	

Sr.No.	Author	Title	Copies	RsPrice
27	Jadhav, N N	Use of plastic waste in Bituminous Road	1	
28	Jadhav, N N	To study the feasibility of fiber reinforced concrete by using coconut fibers and plastic fibers	1	
29	Jadhav,N.N.	Earthquake Design And Linear Analysis Of Steel Structure	1	
30	Kawathekar, A A	Data acquisition system using IoT Protocol	1	
31	Khamkar, D J	GIS based study of landslides	1	
32	Khamkhar, D J	Pavana river Water analysis	1	
33	Kulkarni, R R	Earthquake resistant structural design of Building in E Tab	1	
34	Kulkarni, R R	Use of Drone in Construction Practices	1	
35	Magdum, S A	Design and assembly of sorting machine for billets	1	
36	Magdum, S A	Mechanically operated knee massager	1	
37	Magdum,S.A	Design and Installation of honning machine stone feed unit	1	
38	Mal, H P	Precise analysis of Finished good products for quality control	1	
39	Mal, H P	Influence maximization of specific user for social networks	1	
40	Mal, H P	GT express product delivery system	1	
41	Mal, Hari Prasad	Traffic Control System Using Raspberry Pi Device	1	
42	Mal,Hari Prasad	Advance Library Management System	1	
43	Mane, M A	Semi automatic screwing machine	1	
44	Mane, M A	Design stress analysis of elevator interlock	1	
45	Mane, Mukesh	Special purpose machine for drilling and tapping	1	
46	Mane,Mukesh	Stress analysis of evaporator and downcomer of HRSG	1	
47	Mane,Mukesh A.	Heat Transfer Enhancement in Tube by Using Circular Square-cut Inserts	1	
48	Mankar, M. V.	Design of fixture for casting components	1	
49	Mankar, M. V.	Productivity improvement by using poka yoka concept	1	
50	Mankar, M. V.	Design of experiments for reduction in brazing leakages and increase quality	1	
51	Mankar,M. V.	Productivity Enhancement	1	
52	Mankar,Mangesh	Design, Development & Optimization of Material Stacking System	1	
53	Nagime,Amol	Library Management Using RFID	1	
54	Nalgirkar,Sheetal	Inventory Management System	1	
55	Panshetty, S. S.	Design Development And Testing Of Kinematic Linkage Based Variable Displacement Pump	1	
56	Panshetty,S.S	Design and manufacturing of Comparator type Center Depth Internal Taper Gauge	1	
57	Patekhade,Ankush	Analysis and Testing of Special Concrete Using Various Parameters	1	

Sr.No.	Author	Title	Copies	RsPrice
58	Patekhede, A S	Conservation of water using rainwater harvesting in SRTTC Campus	1	
59	Patekhede, A S	Analysis of strength of concrete by using marble dust and silica fume as a partial replacement for a cement	1	
60	Patekhede, A S	Waste water treatment by Phytoremediation	1	
61	Patil, R A	Performance and emission analysis using datura seed oil	1	
62	Patil, R A	Automated irrigation control system	1	
63	Patil, Rohit	Three axis pneumatic trailer system	1	
64	Patil, S	Automated system for storing and sequestering of automobile production	1	
65	Patil, S	Public Ration Distribution System Using Authentication OTP	1	
66	Patil, S	Vehicle to Vehicle communication Using LiFi Technology	1	
67	Patil, S S	Feasibility Study of textile Mill Sludge as Building Material	1	
68	Patil, Sonali	System for Monitoring the Status of ATMs and gas stations	1	
69	Patil,R. R.	Study & Design of Jig And Fixture for Base Frame of Canopy Fabrication of Generator	1	
70	Patil,Rohit	Design and Development of four way Hacksaw Machine	1	
71	Patil,S.S	Feasibility Study Of Light Transmitting Concrete	1	
72	Patil,Sonali	Process Mapping Wsb Application	1	
73	Patil,Sonali	Analytical Automation Using Iot	1	
74	Pawar Shivaji S..	Plc Based Automation Of Grid Casting Machine	1	
75	Prakash,N. Ram	Productivity Improvement using POKA-YOKE Concept in S.R. Engeneering	1	
76	Prakash.N. Ram	Magnetic Power transmission System	1	
77	Ram Prakash	Waste reduction in tissue industry	1	
78	Ram Prakash	Implementation of standardized work	1	
79	Satpute,J. B.	Coceptual Design of Color Band Marking Mechanism for Tap	1	
80	Satpute,J. B.	Design and Development Automatic Hand Brake Release System	1	
81	Shah, B	WAF - Web Application Firewall	1	
82	Shah, B	Water Level Monitoring reservoir on Application for Data Collected By Dam	1	
83	Shah, B	TASC on tweets	1	
84	Shah,Bhavesh	Smart College Bus ManagementSystem	1	
85	Shah,Bhavesh	Android Application for Event Management	1	
86	Shaha,Bhavesh	Factory automation software for new product develo	1	
87	Shinde ,M. C.	Design of Development of Cassete Fixture	1	
88	Shinde,M. C.	Design of loop Wheel Suspension System	1	

Sr.No.	Author	Title	Copies	RsPrice
89	Shitole, V	Predictive Analysis For Diagnosis of Disease	1	
90	Shitole, V	Idea management using decision making tool based on cloud multitenancy	1	
91	Shitole, V	Application Lock for Windows based system	1	
92	Srinidhi C.	Investigation of performance of IS engine ethanolblend with petrol compressed O2	1	
93	Srinidhi Campli	Investigation of CI Engine Runned By Bio Diesel-Nanofuel	1	
94	Srinidhi, C	Performance of emmission of ethanol blended petrol using nano- particle	1	
95	Srinidhi, Campli	Testing and Development of two stroke compressed air Engine	1	
96	Srinidhi, Campli	Incyliider Emission Treatment In Diesel Engine Fueled With Biodeesel Using Exhaust Gas Recirculation	1	
97	Srinidhi,c.	Performance & Emission Parameters of CI Engine Fueled with Neem Biodiesel and Optimisation using Grey Relation Grade Technique	1	
98	Suryawanshi, M D	Planning and management various construction activities by using software	1	
99	Suryawanshi, M D	Concrete mix design by using fly ash and plasticizer	1	
100	Suryawanshi,M.D.	Analysis And Design Of Supporting Systems Of Billboard (Hoarding)Structure	1	
101	Suryawanshi,M.D.	Feasibility Study of normal and No-Fines Concrete	1	
102	Tapaskar, K S	Effective Project Management For Optimization Of Project Time & Cost	1	
103	Tapaskar, K S	Effective ways for improving traffic flow in Talegaon D.	1	
104	Tapaskar, K S	Intilligent Transport system (BRT)	1	
105	Tapaskar,K S	Design of a biogas plant for ssamall scale industry	1	
106	Tidke, S	Automation system for JS Bank	1	
107	Tidke, S	Enhancing Security of internet banking through lacion based data encryption algorithm	1	
108	Tidke, S	QR based secure internet banking using visual authentication	1	
109	Tilak, S G	Railway bridge monitoring system	1	
110	Tilekar, Shrikant	OVAT analysis	1	
111	Tilekar, Shrikant	Optimization of process parameters by EDM using Taguachi method	1	
112	Tilekar,S.R.	Minimization of Dents appearing at the final inspection of T1 Traveler Gear Box	1	
113	Tilekar,Srikant	Design Development & Manufacturing of Electromagnet 08 Using alternate Material	1	
114	Warghane, Rahul	Feasibility of regenerative suspension system	1
